

# SOUFIANE OUALLA

FRONT-END DEVELOPER

## PROFILE

Motivated Front-End Developer skilled in HTML, CSS, JavaScript, React, and Tailwind CSS. Excels in creating responsive, intuitive user interfaces and collaborating within dynamic teams. Committed to continuous learning and staying abreast of the latest web development trends.

## PROJECTS

### Kanban Task Management Web App

Crafting a dynamic e-commerce platform with seamless cart management and responsive design, enhancing user engagement with interactive hover states. Ensuring accurate order summaries with shipping and VAT calculations for a streamlined checkout experience.

### Audiophile -E-commerce Website

Crafted a task management web app with React, Redux, and Tailwind CSS, offering responsive layouts and light/dark mode toggle. Key features include CRUD functionality, real-time form validations, and efficient subtask management.
